*Eligible children live in families earning up to 300% of federal poverty level. Children with access includes those enrolled in high-quality providers using public funds to support their pre-k education.

**High-quality, publicly funded pre-k programs are offered through Head Start, Pre-K Counts, Philadelphia pre-k (PHLpreK), school district pre-k programs, and through child care provided in Keystone STAR 3-4 centers and group child care homes participating in the Child Care Works program for preschool-age children. Eligible providers include Head Start, Keystone STARS 3 and 4 center and group child care, PDE-licensed nursery schools and school districts.

The Pre-K for PA vision is to ensure that all children can enter school ready to succeed by making high-quality pre-kindergarten accessible to every three- and four-year-old in Pennsylvania.

Pre-K Counts teachers have their degree and teaching certification - just the same as school district teachers do. Our Pre-K Counts teachers could make significantly more (for the school year/school day hours only) and on top of that, be entitled to generous health and paid time off benefits. The state must invest in pre-k to get closer to pay parity.

Assistant Director, Once Upon a Time Early Learning Center,
Pre-K for PA and Start Strong PA Provider Advisory Board member

As part of the 2025-26 final state budget, Pennsylvania policymakers should:

- Support the proposed investment of \$15 million in Pre-K Counts to help stabilize early learning providers by boosting per child rates to help combat inflationary pressures and staffing shortages caused by low wages.
- Include an investment of \$9.5 million for the Head Start Supplemental Assistance Program to help stabilize the Head Start workforce.
